

UNIVERSAL JUMPER (40/20A)

Product	Amperage	Voltage	Length	Catalog Number
JUMPER	40/20	UNIVERSAL 120/277	12"	MD4020-UNIV-JC-(F)-00-12-X

Finish (F): G=Grey B=Black W=White

UNIVERSAL Jumpers are for use with both busSTRUT/20 and busSTRUT/40. The Jumper connects power to intersecting lengths of busSTRUT. Jumpers are fused on both leads. As a result, can connect 40A lengths to 20A lengths.

Jumpers provide a three pole electrical connection for building X,T,L configurations. One Jumper powers intersecting lengths of busSTRUT.
